The first ranked option will receive 5 points, the second 4, and so on. The overall highest scoring option will win. If you select less than 5 choices, the points awarded will still start at 5 and will just go down by 1 until you run out of choices.

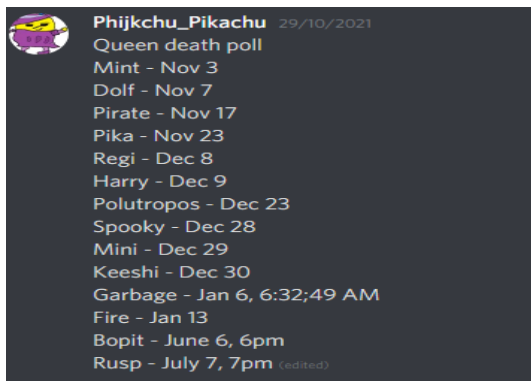

The PHIJKCHU Awards 2021

Best PHIJKCHU meme

There were a lot of quality memes this year (although I do not remember most of them). Here are a scatter shot of memes that happens, feel free to write in your own if I missed an obvious one I guess.

The Queens Death

That's right, we voted on when the queen would die. This meme contains the vote itself, as well as the Queen videos.

The Mona Lisa

Why would you bother playing Gartic phone unless the art looked like this?

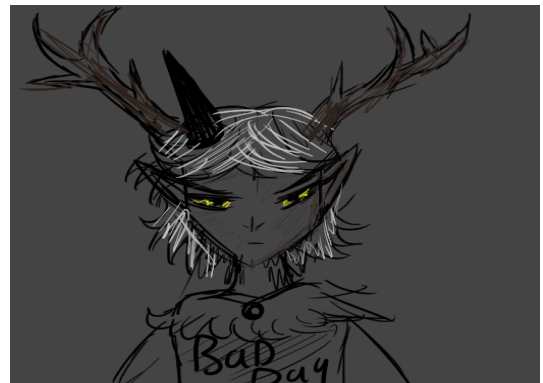

Fire's Monke Videos

No Monke. Do not go to Valhalla...

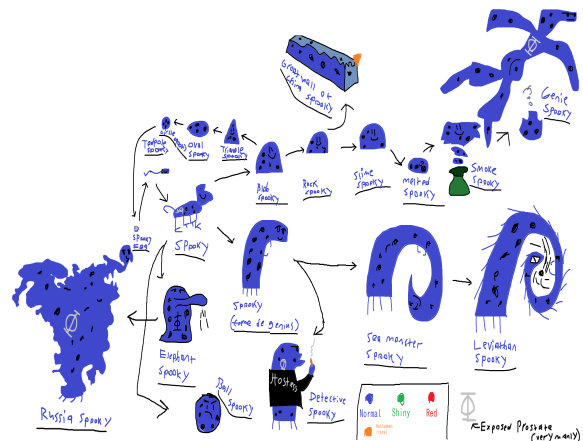

Bad Day Wendigo Max

Born from someone misinterpreting Torhu from Dragon Maid as max with a horn, this is Max's bad day form.

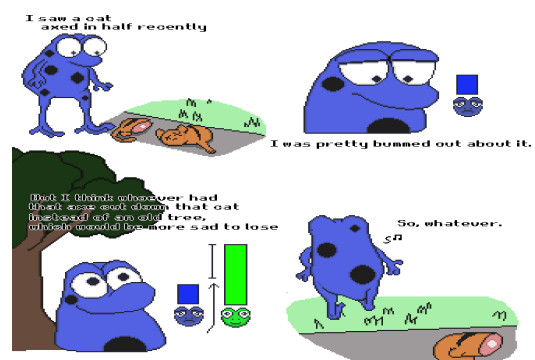

Pirate Spooky Form Chart

Memorize this chart, or else!

Cat in Half Comic

Via Garbage, you should always cut a cat in half.

Pikachu Thinks Dick Puppets is Based

This never happened, shut up. It is photoshopped. FUCK YOU.

Spooky's House

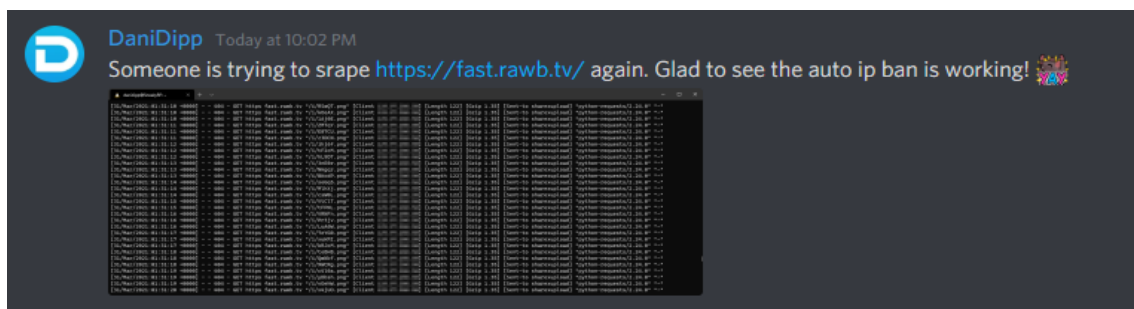

It's gonna have a corn maze, and traps, and xBrox will live in a shipping container, and also everyone in PHIJKCHU will have a room, and...

Heist Video

Watch my movie where we steal the meta from Rob.

Srape

Lmfao its a typo. Lmfao every time I go to say scrape I say srape.

Umbreon Being Famous Comedians

He's Jimmy Fallon, Markiplier, MatPat, etc. What a funny joke holy shit

Fire's Nationality

Praise Italia, which fire currently resides.

The PHIIJKCHU Awards 2021

Best Moments

There was a bunch of things that did not fit as memes, discussions, or arguments, so I slapped them all together for a category. The nominees are:

Mint Playing Hand Darts

Dude, do you remember that time mint put his hand up to a dart board and had darts thrown at it. What the fuck.

Mint Almost Dying by Falling Through the Ice

Back to back Mint events, mint decided to go step on some thin ice on a frozen over lake and almost fucking died. What the fuck

Vinny Drugging Jake

Vinny left his weed edibles within reach of Jake. Jake got high as fuck, and it was really funny.

Max and Rusp Are Related

Remember when Max pointed out that her one relative was a tranny, then Rusp, in an unrelated statement pointed out that he had a tranny relative, and both of them were in the same geographical region and age. Lets just say, it is confirmed Max and Rusp are siblings.

Piss Sink

b0b pissed in his fucking sink and posted a picture of it. I can't believe he did that.

Spooky Telling Us Things he Probably Shouldn't

Now, Spooky kinda has loose lips. He will literally just say things he probably shouldn't. I won't mention any of them, but uh, if you were there, you know.

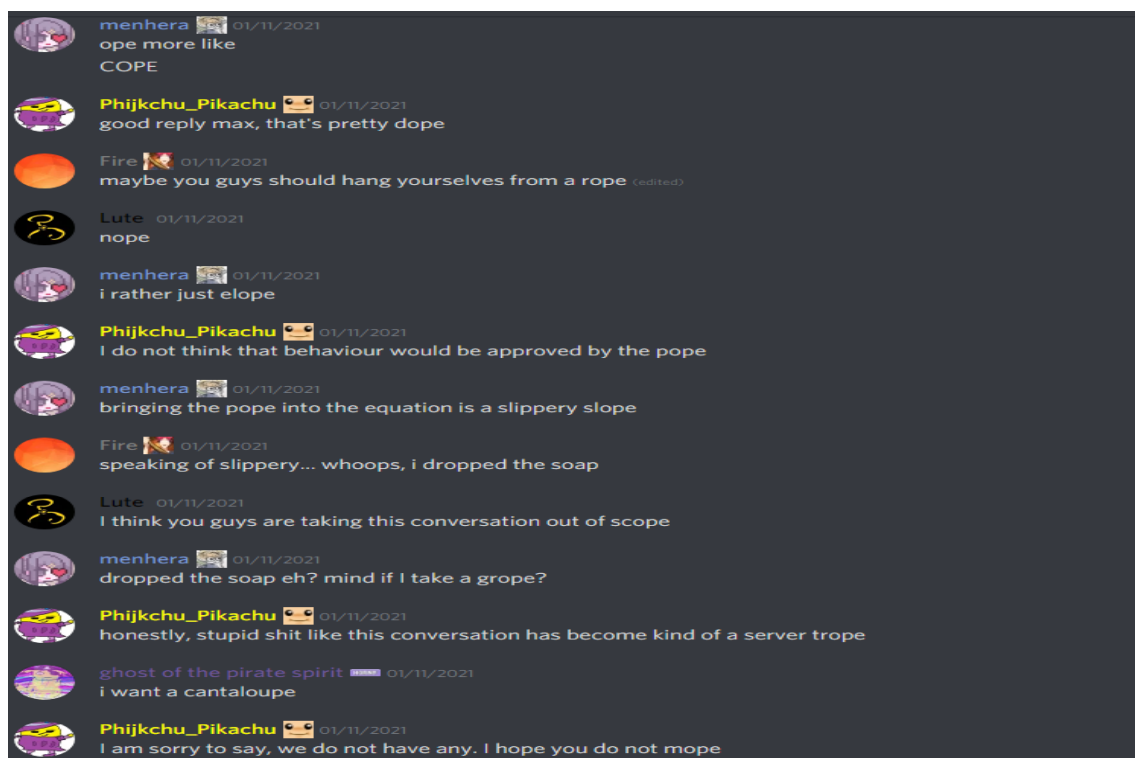

The Game of Among Us to Ban Ori

Leaked shit from our server, but through our game of Among Us, Max discovered it was Ori because the time zone indicated a German did it!

Everyone Singing in VC While Rusp Struggled to Play Dark Souls

At least I think it was Rusp playing. Anyways, like 6 of us sung songs at the same time and it was pretty funny at the time.

Impromptu Rhyming

Rip to the 1 page limit I was trying to follow. I wanted to include that full image though for context. Please enter your choices below!

1. Urine
2. Max and Rusp Incest Fanfiction
3. Ori Among Us
4. Vinny Drugging Jake
5. piss sink

The PHIKCHU Awards 2021

Best Discussion

Discussions can be philosophical or humorous. These select few were the most notable discussion of the last year. This is also mostly the Spooky award, because he started 90% of these

Cat/Tree

Would you rather cut an old tree in half, or a cat? Spooky, of course, would rather cut the cat in half, because at the end of the day, older things are more sad to lose.

CatSnake

Could you believe Spooky's dream in life, for the longest time, was to genetically modify a cat to have a snake body? Just to watch it slither around with its snake body and cat head.

Spooky Saving the Bionicles

Spooky as a child sent in a letter to rescue the Bionicles, who were kidnapped. Spooky single handedly saved them all!

xBrox's Ass

Remember that time Dunce Sparse insulted xBrox's ass in VC (also he commented about ejaculating inside a woman without protection and how he fucked a girl in 200x)? It was kinda awkward.

Would you a Spider?

Well, would you?

Ohio is a Southern US State

Mint, in his infinite wisdom, told us that Ohio was in the south. You know, the state that borders Canada. What a fucking idiot lmao.

XYX Super Male

We discussed how XXXXXY tranny's (all 20 of them that have ever existed in human history) are hecking valid and also how XYX is the only good chromosomal disorder, as it makes you a literal alpha male.

Spooky's Prostate

Spooky thought that the Prostate produced testosterone, so he declared "Men with large prostates are chads." Of course, that is not actually true, and spooky is kinda a retard sometimes.

How to Pronounce Bussy

Do you pronounce it with the beginning sounding like bus, or does it rhyme with pussy. This discussion tried to solve that argument.

2. **xBrox's Ass** _____

The PHIIJKCHU Awards 2021

Worst Argument

These are contenders for the most autistic things we argued about this last year. It will never top the friendship debate, or the endless sandwich debates, but uh, these were pretty fucking stupid.

80/10

My point is that during that "era" of 30 years, we had a higher percentage of good shit being released, more overly great bangers compared to 2010-2020. NOTHING HERE IMPLIES that 2010-2020 is worse AT ALL, infact I have some genuine favorites from this time frame, however I'm looking at it like I look at anime, 2000s-2017 or so just had a higher percentage of good anime, it was a peak in time IMO, there's been some after that that are better sure, but there's MORE GOOD ONES, its a "golden age" per se

Mona Lisa

There is no point in even playing Gartic Phone if you are not some art fag who can draw the Mona Lisa. Lets be honest with ourselves, Garbage is the only one who should be allowed to play Gartic Phone

NWRD Banning New People

Rip Firelie, he was banned in the purge. Max just really hated the new people, and begged for them to be banned.

Rider from Fate/Zero or UBW (the Fuck Bopit Award)

Bopit, Pika, and Garbage argue in VC at 3am about if Rider from Zero or UBW is a better character. Bopit picked the wrong option as you can expect.

Morality of Scalping

Is Regi the antichrist for selling PS5s and Graphics cards at a marked up price? Is Regi a good person helping people get what they are looking for?

Bicycles on Sidewalks

Should Bicyclists ride on sidewalks? Spooky says yes, Pika said get the fuck off the sidewalk. It came down to Spooky's town having really big sidewalks and Pika's having bike paths on the side of the road.

Please enter your choices below!

1. Bicycles
2. Morality of scalping
3. I have no idea what any of this means
4. I fucking hate bopit so much he's gonna be dead tomorrow morning
5. NWRD banning new people

The PHIJKCHU Awards 2021

Greatest PHIJKCHU Projects

This one is just for the projects that actually got finished. None of this "well it's coming" bullshit. Here are the ones that that were made.

Heist Video

The original one, not the sequel which is worse.

Pirates Queen Video

Pirate won the Queen apology video meme. His was the best.

Iceberg

The PHIJKCHU iceberg, explaining all the deep lore, such as "who is James."

Rob People Tierlist

This one has bonus points for making Rob really ass mad.

Minecraft Server

Put up the server Max. Max put up the server. Put up the god damn server Max. Max, please for the love of god put up the server.

Rawb.art

This is the only project made that has worth outside of being haha funne.

PCU

The PHIJKCHU cinematic Universe. So far the movies are the two Heists, the Impregnable Max, fire's viking adventure 1 and 2, and Pirates Queen video. (but I guess only Heist 2, Impregnable Max, and Pirates video technically count for 2021)

The PHIIJKCHU Awards 2021

Most Anticipated PHIIJKCHU Project

Yeah thats right, here's a category for all the upcoming projects I can remember are currently "in the works" by someone in the server.

Rusps Game

The most ambitious individual project in server history. Rusp self teaches himself how to make a game, and has dumped hours into coding and some spritework. I for sure can't wait to own this gem on steam, and flood the steam marketplace with stupid PHIIJKCHU emotes.

Bopit's Queen Video

I included this because bopit asked me to include it. I doubt it will win since literally only he and I know what this is, but I guess it will be funny for some of the people on the server!

Project Philyurahs

REDACTED

Umbreons PCU Video

A 10 hour epic with interviews, segments, probably a musical interlude. Truly, it will be the amalgamation of server lore and humour and cause a mass suicide event upon its release.

Spooky's Secret Project

We know literally nothing other than Spooky assuring us that a few people will probably leave the server as a result of this project. What the fuck does that even mean? Is he mass doxing people? What the fuck spooky.

The PHIIJKCHU VN

This one is never getting finished. This can be in reference to either Max's original attempt, or Garbage's more recent attempt.

Pirate's Next Movie

You know, the one where he needed b0b to make a Wario voice for? Considering how good his Queen video was, I personally am quite excited to see how this turns out!

Please enter your choices below!

1. Pirate's next movie
2. PCU video
3. Pirat'es next movie

5. Pierat's movie

The PHIJKCHU Awards 2021

Best Game Night Game

We played a lot of games together, some of them were even good! Here is a list of several multiplayer games. To count, I decided at least 4 PHIJKCHU people had to play together, and it had to take place on the server itself (fuck you NWRD and your private games together, I am not including Don't Starve Together). Your nominees are:

Minecraft

Max finally put up the server, that was a fun couple weeks before it died.

AMQ

The game night of choice at 4am. BOPIT ITS LISA, ITS AIMER, ITS EGOIST, ITS MILI.

Jackbox

Jokeboat is shit, fuck the wheel.

Dog

Yeah that's right, this one is just for Dog (also we can include Kong in this category). It is the most well designed troll board game ever made.

Table Top Simulator

This is for everything that is not Dog and Kong. You know, Nepopoly, random anime card games, Uno, etc

TTT

We played TTT one time during 2021. Lmao get fucked Porygon.

Halo

That was a fun 2 game nights of playing Halo, then never, ever again. It was an alright game for a shooty game.

Gartic Phone

While it is true we did not draw the Mona Lisa (except Garbage, when fucking with fire), this game single handily expanded PHIJKCHU lore the most.

Muck

I can't believe we all died to Gronk. This game is horribly unbalanced, and will never get any more updates, but I guess it was a fun few hours.

Mario Party

Shout out to Dunsparce talking about xBrox's ass, and Pikachu disconnecting and never being allowed to finish a game.

EU4

This one technically counts because unlike NWRD, this was an open invitation to everyone, and it did take place inside the server a few times.

Valheim

Viking adventure. We did not get very far, it did not last more than a couple weeks, but it was fun. More games should have a jumping stat that improves jump height.

The PHIKCHU Awards 2021

Greatest Movie Night

The following are not really the best movies per se. This category is for the movies that were the most fun to watch together as a group. It was hard to remember everything we watched last year, so uh, this is probably not a complete list of the best of the best, but I hope I hit enough good ones for it to be okay.

Rons gone wrong

This was the best of the Robot movies we watched. It was actually surprisingly good, and it was quite a bit of fun to watch as a group.

Australian Lego

The best Lego we watched. Hard not to enjoy the guy from UP, and the gamer team as they made absolute beasts of lego builds!

Wish Dragon

I still can't believe that guy fucking died. He just fucking shattered when he got turned to gold. Part of the CCU

Run Hide Fight

Meme school shooter film. I liked it, and recall it being somewhat funny to watch as a group.

Extinct

Remember, this is the one with the doughnut animals that roll around. It was also a time travel isekai.

I Lost my Body

I did not actually watch this one with you guys so uh, I can't comment on it at all. I was just told it was fun to watch so I included it.

New Gods: Nezha Reborn

Nut Shack was the first CCU movie we watched together. It made absolutely no sense, and proved the Chinese do not understand storytelling, but god damn was it amazing to watch.

The Mitchells vs The Machines

The other robot movie, but this time it included the tumblr daughter and the based dad.

Free Guy

Deadpool is a gamer, also he gets captain americas shield. This was the best thing announced at the Game Awards 2020.

100% Wolf

He 100% fucked that dog at the end, and you cannot tell me he did not.

Next Gen

I also did not watch this one so, uh, no comment. Was told it was fun.

The PHIIJKCHU Awards 2021

Worst Movie Night

The flip side of best movie. These films were painful to watch, and left some or all of us quite annoyed. Either the films were bad, or just boring. Blame Spooky for every single one of these, it's his fault.

Artemis Fowl

So, I never read the books. That said, this is one of the worst films I have ever seen, and it made my physically mad at how bad it was. It failed in every possible way at being a film.

American Lego

This was cringe, the contestants were tranny's, and to be honest, it just made me want to watch Australian Lego. All of the builds were just not good, and several of us could probably do better.

Tom and Jerry

Everybody in the bouncy house, With an extra ounce, Going bouncy, bouncy, Everybody with a large amount, Jumping up and down, Going bouncy, bouncy, I see that body going everywhere it wants to go, I see that body moving everywhere in slow-mo, Everybody in the bouncy house, Going bouncy, bouncy now, Bounce

She's the Man

Spooky's childhood consists mostly of really shitty movies about women.

Scoob

I didn't watch this one, but considering how angry this made several of you, I figured I should include it.

High Guardian Spice

We made it 3 episodes in, nothing happened, then we just watched the last episode. Comically bad in how boring it was. Nothing fucking happens in this "anime"

Flora & Ulysses

I hate the fucking squirrel. This movie must have been written by Rob, because it is so fucking unfun.

Every Single Hotel Transylvania

Except for 4 because we watched that in 2022. Fuck every one of these movies except the first one, the first one is okay.

Space Jam 2

This movie is unironically one of the worst things we have ever seen. Don Cheadle was the bad guy.

Best Couple

Which couple is the Brangelina of Phijkchu? These are the most passionate, cutest, and lovey-dovey couples of the server. Every single one of these sets has some sort of unique chemistry, and are all very clearly in love to some degree.

Max/Ghrek

Our cute little long distance relationship. Two autists despite all odds find love, using spooky as the intermediary.

Max/Bopit

A relationship that almost destroyed the server, so you know its serious. They have so much in common (fate, being autistic), its practiacally a match made in heaven.

Max/Rusp

As we all know, Rusp loves incest anime. So him dating his IRL real actual sister just makes the most sense.

Max/Spooky

As we have confirmed. Spooky do be with Max. They literally went on a date to dump cum on Tharja together, which means the are practically married. Rip Ghrek, you've been cuckold.

Pika/Xbrox

We have missed at most 2 or 3 beep-boops in the last 2 years. We have beep-booped daily almost every day. Suffice to say, we are the most stable relationship in the server.

Pika/Fire

The sheer amount of sexual tension between these two is insane. There is literally no one else on this list with as much sexual energy.

Pika/Umbreon

The sheer amount of sexual tension between these two is insane. There is literally no one else on this list with as much sexual energy.

Bopit/Umbreon

They dm each other. Bopit insisted on this being a nominated couple so, I am including it. Seems kinda desperate to me, but who am I to say that.

Dunsparce/Dunsparce's sister

No comment.

Vinny/Vinny's alt

He literally groomed a child. LMAO. XD. POG.

Member we Wish Would Come Back the Most

Dude, we've lost a lot of people over the years. This is your change, perhaps the winner will come back to us. This requires a bit more description than the last category, so I will actually provide that this time.

Leg

We miss your shitty politics takes and Dilbert comics leg. Come back to us and continue being bad at video games. A legacy member lost to time.

Eevee

One of the original founders of the cult discord. He flushed shirts, his family hated Canadians, and Fire chased him away. He is not out as being a tranny yet, so if he rejoined maybe we could save him!

Shuckle

Winner of the 2014 PHIIJKCHU fanfiction contest, a Rob super donor, Br*tish, and a tranny. In an alternate universe, he could have been like sunflora, simply becoming trans but staying apart of the cult.

Stadic777

The first PHIIJKCHU bullied out of the cult. His love for DvZ led him to rage quitting the skype group because we would not stop making fun of him for liking a bad game. Bopits best friend in an alt universe.

Axew

Another legacy member. One half of the binding of PHIIJKCHU team, and an avid wrestling fan. He even rejoined for like 3-4 months then left again, lost to time.

Paladin

Key legacy member. A chef who cut his thumb off, plays WoW with Bopit, and rejoined the server briefly only to go inactive once again.

Redditmod

Left without saying goodbye, handing over ownership of the reddit to Pikachu and Umbreon. He never even responded to my DM asking why he left. Big rip to this fate fag.

Ori

Listen, Ori, we are sorry we made fun of your boyfriend DaniDip. It was really funny that you leaked server logs and got Polutropos banned because of my sraping of Robs server. I think you deserve another chance!

Conny

The only mole we had that was not related to PHIIJKCHU. An autistic who wanted to Cancel Max from the fate community because she likes loli and says nigger. Fucker used a loli porn character as his pfp just to sneak in, and it fucking worked because I knew the hentai she was from.

BlackMage

I banned him from PHIIJKCHU back in the twitch era for posting a fake straw poll that was actually a screamer.

SonicDab

Banned for being annoying, cut down in his prime. Unlike Turnip, never allowed to return.

Phijkchu_

Banned by Leg for being super fucking annoying. He was a squire in Lords of Minecraft, and was attracted to Megan because she had tits. Was in a homeless shelter briefly.

Best Newcomers

We have had many new people join the server. Most of them are awful, but I have selected a few notable examples for you to vote on.

Mini

Yeah that's right, Mini was this year. That's fucking wild to think about how a core member is so new.

Duck

She (supposedly) is a femoid. Also went inactive after the first day. Lmao XD

b0b

b0b single handily surpassed all others in terms of being an actual schizophrenic. He has brain mold, he pissed in a sink, and we love him dearly.

KodyKaz

He leaked dms of Rob being mad at the tierlist video. Also he joined Robs VC and asked about Pikachu

Grimace from McDonalds

He played Minecraft with us once and I will never forgive him for that Keepo.

Red

Making the Rob AI that will replicated Robs behaviour, and make old Rob content for us.

Pope

I literally don't know what he has done, but uh, you can vote for him.

Dunce Prase

He is included, he is new. Holy shit!

Most Embarrassing Rob Moment

Holy fucking shit, what the fuck Rob. How was that your year. How can one man fuck up so much in one year. This year was a disaster, and almost all of it was funny. Here are a selection of some of the funniest things that happened to Rob this last year. Fuck you Rob.

Broke His Foot

How the fuck did Mr. Walkman break his foot, not 2 days before his Christmas special no less. Such a catastrophic failure that we will not learn the true extent of until he realizes his foot will never properly heal, launching Rob into his super depression arc.

Robs Twitter Discussions With His Own Alt Accounts

How fucking pathetic is it that Rob rps with Monica Rupert and Jimmy the Rat on twitter? He did this more often at the start of the year, but it was stupid every time I saw it.

The Radical Wave

Remember Robs huge comeback? Daily content for the next 2 years? Well, it lasted like 2 months, so I guess we can give him partial credit.

Rupert.plus

Remember how rob was going to charge \$5.55 to watch all his old content, but then never did? I wonder if a certain website made by a certain PHIIJKCHU had something to do with that.

Rob Bitches About Pika's Tierlist in Dms

Remember how Rob bitched about the Rob people tierlist in dms with Kodykaz. That was fucking pathetic.

Walking Around Toronto in a Flower Crown

I hope homeless people call him a faggot. Let me quote Rob here. "im 6 foot 0 inches and flowered can make me feel 6 4"

Claiming Spooky is Spending 1 Million Dollars a Month on the Site

Rob has no idea how much a website costs, and he thinks Spooky is going to go bankrupt just to keep his archive up.

Rob Used to Write Love Poams to Girls in High School

He admitted to writing love poams (SIC) to girls in high school, which they made fun of him over. He posted this as a win by the way.

Bitching About the 70/30 Twitch Split

Rob never fucking shuts up about twitch should be giving all streamers 70% of the ad revenue, while subtly bragging about how he earns 70%.

Overall Pictures

Remember those cringe half naked photos he and Megan posted? Yeah, that was this year.

Has a Breakdown Because Red Bullied Him

Red kept posting links to the site archive on Rob's forums, and Rob had a hissy fit because Red kept making accounts

Archiving All Mean Comments

Rob stated that he keeps an archive of every mean comment he receives. Rusp's dog fucking tweet might still exist out there somewhere.

Responding to Every Comment he Receives

Rob, to this day, still responds to comments in his top 10 numbers video. The man spends a minimum of 2 hours a day reading and responding to comments. Honestly, no wonder he still has not gotten his Facebook video out.

The Facebook Video

Rob talked so much about how he was going to get a video out to talk shit about the Facebook rebrand to Meta(tm). All the updates of how close it was to coming out and nothing has every surfaced. Don't worry guys, just 1 more week!

Rob's Meltdown Over PHIIKCHU dissidents

This is a combined category to highlight the contributions to Robs declining mental health by Red, Harrybutimnot, and Dunce Sparse. Don't worry guys, just a few more trys and we can save Rob!

His Patreon

This year, Rob's patreon reached the lowest point it has ever been. According to Graphtreon, his previous lowest of all time was 310 patrons. This year, he dropped below 300 for the first time. We will soon approach the "Rob moves back in with his parents" arc.

r/antiwork

Rob has gone full commie this year. He actively reads every post on the antiwork subreddit, you know, the one where every post is some fake text with a boss that is something along the lines of "Boss: Come to work and also accept a pay cut of 3 dollars an out. Worker: No, I have time off, also I quit. Boss: Please I beg you don't quit." And then everyone clapped.

Youtube Rewind 2018

So obviously the rewind did not happen in 2021, but they did talk about it. Let me quote Rob verbatim here. "to be honest tho. its pretty content over people of people to shit on that video"

The Squirrels

So, taming a bunch of stupid squirrels is kind of a win itself, however, Rob has been bitten by squirrels 3 different times. Fucker is going to get rabies.

Schizophrenia

Rob admitted that he talks to himself rping as Monica.

Rob: Monica why don't I feel good?

Monica: Because you haven't eatten yet stupid~

Rob Really Hates Mr.Beast

"if they (Mr. Beast) all died in a plane crash tomorrow, you'd see the same "types" raise to the tops over the next year"

"mr beast gives 4 of his white friends a chance to win money againnnnnnnnn!"

Constant Vagueposting About Rawb.art

If this fucker says "This website" or mentions how people who hate him could find a hate archive without naming the site one more god damn time, I am going to lose it.

The Twitch Leak

Because of the hack, we learned that Rob, made 57k USD, before tax, off of Twitch between August 2019 and September 2021. Coupled with how low his Patreon must be, it is clear he will not be able to last in Toronto for much longer.

Sony Vegas

Remember how Sony Vegas crashing forced Rob to spend an extra 2-4 hours on every single video he made during the radical wave (tm). I do, and it was glorious that he never bothered to look up how to fix whatever issue was happening and just let it keep wasting his time.

Robs Park

Man, it sure would be a shame to a certain Queen if the park named after her was doxed because someone decided to check out Rawb.art on his phone during a walk. Good thing that would never happen.

Video Bumpers

HEY I'M ROB... AND YOU'RE WATCHING ROB T.V

How the fuck did rob expect this to brainwash people into becoming addicted to his content?

Pauses DVZ Videos

Pause lost interest in the DVZ radical wave videos a week in, and Rob, in a desperate attempt to keep the gravy train rolling, was forced to edit not only his, but Pauses videos as well. Not that it mattered in the end.

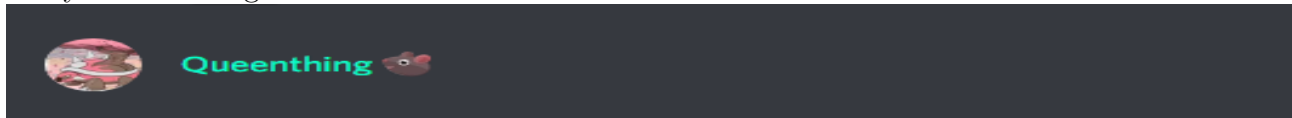

What the fuck Rob, how was your year so stacked. I missed literally dozens of entries by the way, but I just can't remember what exactly was 2021 and what was 2018-2020. This list is not comprehensive, but uh, I hope I got enough things to make this an interesting category. Vote away below!

Most Embarrassing Rob Server Moment

Rob's server is full of some of the most insane people who exist. We have tranny's (lots of them), otherkin, people with headmates. It is a conglomeration of mentally deranged retards having a pretend wholesome pity party. This Category is specifically only for Rob's community, as Rob's category is already so fucking stacked as is. For ease, I will separate out major people, but you are voting for individual events

Failing to Escape

He would push back against Rob's bullshit a bit at the start of the year, but then he went trans and is now a full card carrying member of the cult. Tragic...

The Phone Saga

Had a mental breakdown because his phone broke. This was a series of 3-4 events where he was legitimately suicidal because his phone broke. He of course bought an iPhone to replace it.

Mom Treats Him Like Shit Because LMAO Tranny

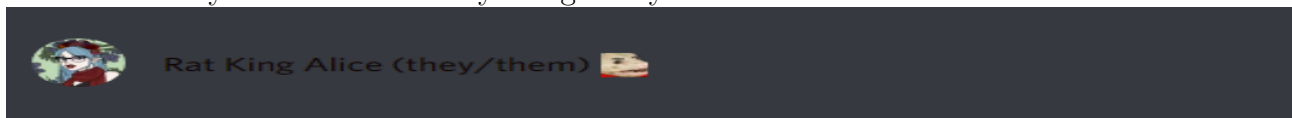

He has posted several times about how his mom treats him like shit.

His Game Idea

So get this, you are a young adult living in North Dakota. It's in the future (although not clear if it is a sci-fi story). You are looking for your father who is a ranger/cowboy/military guy. It plays like old school Fallout with a tone like Earthbound. You wake up on a hill, and random encounters. I don't know what the fuck he was going on about either, but this is his dream game. Felt as though I should include it!

The Sex Poem

So, this fucker, in his English class group project had to recite a poem. He got mad at a woman for not wanting their poem to be some degenerate sex poem, and legitimately did not understand why that is not an okay thing to try to force her to recite.

Angry About Disabled Memes

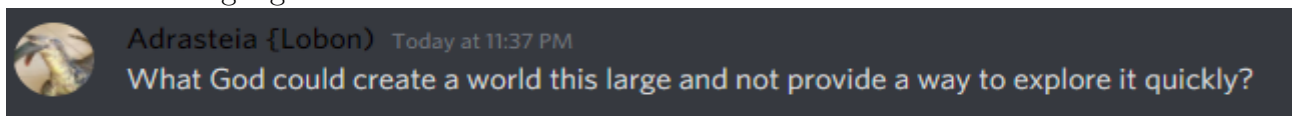

He gets mad if a meme includes a disabled person. In particular, a person had the tire stolen off the wheel chair.

Mask Rants

Gets really mad about his professor not wearing a mask during a lecture

His Weight

Remember when he posted that his doctor insisted that he MUST lose 80 pounds. Not that it would be a good thing to lose weight, but that it was a requirement. How fat can you be for that kind of language.

Based Schizo

Adrasteia got general chat shut down for being a Schizo who posted about God and shit and got into gender fights without trannys. May he rest in piece.

Taey Rur'j et al! (bun/buns) 📌

Refers to Himself as Bun

That's it. That's the category.

Misgendering

"misgender after misgender after misgender after... look I'm sorry for not shaving like a good girl (boy)..."

Stupid is a Slur

Remember when this tranny had a bitch fit because of the use of the word stupid? It is a slur against the mentally handicapped. Guess we should just keep calling them retarded instead afterall.

Maris and Tanice (it/its) 📌 Today at 1:38 AM

Otherkin

Maris believe he is actually a Kobold, unironically.

Headmates

Maris is apart of a system. This means (to translate the insane retard things) that inside his head, there are several other people. Tanice the dragon is one of these headmates. Maris has posted about relapsing and posts as both people in Robs server.

Meganzoor (she/her) 📌

Abandoning Rob on Christmas

Megan spent Christmas with her family. Lmao get fucked Rob, you were alone with a broken foot streaming to 100 people on Christmas day.

Lara (she/her)

Mansplaining

I thought it was really funny that this male to female tranny was complaining about being mansplained to.

Mami (she/her) 📌 Today at 6:01 PM

this is what every single page of my notebook looks like

The Notebook

See above. What the fuck, that is stupid.

These two categories are so fucking stacked that they took multiple pages. To be fair, Rob and his server had a weird fucking year full of insane shit, so that makes sense. Vote for the above nominees below.

Most Likely to Die

This server is a containment place for the most dangerous, unhealthy, and stupid people on the planet. A few of us likely will die, and some of us probably already have.

Karp

Karp is apart of the 42% menace. Not much more to say than that.

Bio

Another member of the 42% club. Moreover, a single drug relapse away from heroin.

Mint

Guess which exclusive club Mint is also apart of. Also he does more drugs than Spooky does children, which is a fatally large amount.

Sunflora

Death will come as either a 42%, or as a domestic situation with one of his 15 trans marriage partners.

Mini

Diabetes. No other comment. That or being run over by a John Deere(tm) tractor.

b0b

Brain mold rot will get him eventually. Suicide a nice secondary cause of death.

Gent

Killed by Mexicans in California street war. Tragic.

Dolf

350 pounds, heart attack will claim the fat people one day.

Pikachu

Same as dolf, but 20 pounds lighter. Get fucked fatass!

Spooky

Gunfight with the police? Possible. Head on nugget dipping related traffic collision? Absolutely the cause of death.

Most Likely to Go to Prison

For various reasons, several PHIKCHU are likely to face the ire of the law. Here they are and the reasons why

Spooky

Lets be honest, CP, impaired driving, gunfight with the police over legal dispute. Spooky is likely breaking more laws than you know exist.

Dunce Sparse

13% do 52%, and he is 50% so do the math.

b0b

Voted most like to commit a school shooting (no you do not get to vote for this, it is just decided). Also indecent exposure. Look, mans gotta piss.

Dolf

Jews commit a lot of financial crimes, what can I say?

Turnip

I think he is a few meta trolling incidents away from going too far. I don't know what it will be for, but I could see Turnip committing an international war crime or two.

Regi

The IRS is no joke kids. Pay your taxes and do not steal.

Gent

There is probably a lot of weird Californian laws that Gent purposefully breaks.

Best Secondary Phijkchu Discord Server

Being the autists we are, we have a plethora of alternative discord servers. Either personal servers of PHIJKCHU members that are mostly just full of PHIJKCHU, or private servers that certain subsets of the cult use.

Jim Chat

A server dedicated to mostly shitting on Ethan Ralph for being a fat 4 foot tall manlet, and sometimes we talk about Metokur when he is not fucking dead.

xBrox's Personal Server

This one is just xBrox's personal server. I forget what its like since I have not rejoined since discord banned my old account.

NWRD

Haha holy shit guys they are conspiring against us from behind the scenes. The den of nothing but Bedwars and Don't Starve Together.

PHIJKCHU German Train

Bopits EU4 discord server. It is just for EU4, and it totally does not have both Umbreon and I in there for no reason. Nope, never seen it.

The Lackadaisical G Spot

Vinny's streamer discord server for the VariousAdvanced community! I am not in this server, but I am sure its very active!

Porn Sever

Remember when porn chat used to be its own server? Well, that server still exists, and I am in it! Bopit owns this server if that changes how you would vote.

Pika's Note Server

There are like 8 of you in my notes server, so it counts! This server is used for notes for me, as well as project planning for the PCU and the PHIJKCHU Awards 2021.

Genshin

I am not in this. It is cringe. Cringe China game chatroom. They play Genshin.

Mint's Personal Server

This server is fucking dead, it has a Genshin chat (disgusting), a food chat, and several other unused channels because the server is dead.

Feh/Pricunny Chat

Once a refuge from gacha chat after the fate fags chased us out, now it mostly serves as a place to discuss Princess Connect, and for b0b to randomly post shit no one reads.

PHIJKCHU 6.0

Dude, simpleflips did it, he beat walkies. HE DID IT. POG POG POG

PHIJKCHU 7.0

Rusps server, its funny haha number.

Zyton's Mole Server

Idk what this is, Spooky is in it though, so I included it.

Max's backup server in case the main server goes down again

Best Tierlist

We did a lot of different Tierlists in 2021. Since I don't remember all of them, here are the ones I do remember!

Rob People

Zyton's suggested meme tierlist that kicked off the entire tierlist meme. We rank every person related to Rob, because PEOPLE OVER CONTENT.

PHIJKCHU Members

A comprehensive tierlist of every member of PHIJKCHU, with entries drawn by Umbreon. The source of good day and bad day Max.

Farming Games

We ranked almost 200 games on what percentage of a farming game they were. It turns out most games are at least 50% of a farming sim.

Presidents/Princess Connect

Rusps idea so blame him. We discovered Djeeta is George Washington's wife.

Rob Content

For those of you who are not PEOPLE OVER CONTENT. Zyton at first, then all of us later, ranked all of Robs content.

Potential Smash Characters

This tierlist had something stupid like 200 characters. It had weeb, it has games, it had fate shit. It was awful.

Bread

Pumpernickel S tier.

Cookies

I forget what entries there were, but I remember doing this tierlist.

Worst Thing That Happened in Pika's Life in 2021

Spooky pointed out that 2021 was kinda a shit year for good old Pikachu, so you can vote on what exactly you think should be classified as the worst thing that occurred!

Pika Fell While Walking

During the summer of long walks, on my first attempt at walking all the way to the University of Waterloo, I fell 40 minutes in injuring my knee. Rip that walking attempt.

Dead Cats

In August, both of Pikachu's long time cats had died (ironically, one of the cats was named Pikachu) within 2 weeks of eachother. The cats were about 14 or so years old each.

Dead Grandpa

Self explanatory, grandpa is fuckind dead.

Father's Mental Breakdown

So uh, without getting into too many details, my dad had a paranoid schtizo moment, and I had to leave my house for like 4 days during September. That was kinda shit.

Dead Great-Grandma

Didn't quite reach 100, so she did not get a letter from the Queen (which is customary when someone in the commonwealth reaches 100).

Shitwater Incident

So, my brother took a shit and clogged the upstairs toilet. Fucker overflowed. Guess what is right below said bathroom? Why yes, its my desk. Through the light fixture above, shit water rained down upon my keyboard, mouse, chair, and desk. When trying to change the light, I burnt myself, and the excess shitwater caught in the light dumped all over me.

Losing Weight

My identity is literally being destroyed. Oh no!

Wifi

The bane of all PHIIJKCHU game nights. I am incapable of having an issue free connection for more than an hour, and this year in particular sucked for it.

Dealing with the PHIIJKCHU server

I hate every single one of you, especially you Bopit, fuck you in particular.

Best PHIIJKCHU Dream Moment

That's right, we have had many dreams of each other this last year. That's pretty fucking gay, but, some of them were kinda funny, so I will list some of my personal favourites for you to look at.

Umbreon Making Fun of Pikachu For Not Knowing Where the Monkey Shop Was

That dream was wild, but the culmination of all the wonderful things that happened in it was Umbreon completely in character, making fun of me for not being able to find the monkey shop and purchase the morph ball. The shop was at the start of the game btw, I am just retarded and blind.

Fire's Dickfolding Tutorial

A Bopit dream this time around, where Fire tried his hardest to explain how to fold a Dick. He sent detailed instructions (He gave Bopit an Origami tutorial) on how to do it. This is totally something Fire would do.

Spooky Immediately Crashing His Car Once Pikachu Gets In

As we all expected, the second I got into Spooky's car, he floors it, and crashes head first into a building. I was really mad, and insisted I would walk for the rest of the dream.

Rob fan Meetup But Everyone There is a PHIIJKCHU From the Server

Coming from Umbreon this time, Rob held a fan meetup. The catch? Every single person there was a PHIIJKCHU plant, there just to fuck with Rob. Rob went around suspecting half the people of being PHIIJKCHU, not realizing the half he though was safe, was also PHIIJKCHU.

Umbreon Has to Win a Volleyball Match to Save a Wisconsin School

Part of a larger PHIIJKCHU dream from Umbreon, for whatever reason, he had to save his school (which was in Wisconsin for some reason) by playing Volleyball

Pikachu Couldn't Find the Bathroom so he Shit Himself

Same Pikachu dream as the Monkey shop. No one (especially Fire) would tell me where the bathroom was, so I shit myself in the dream. No, I did not shit my pants IRL while sleeping, thanks for asking.

Vinny Wakes up Fire (Who Lives in Pikas House) to Play Mario Kart

Another Pikachu dream, Fire, who had a room where my sister normally has a room, was sleeping. Vinny came over, and woke him up to play Mario Kart. This is extremely in character for Vinny, and is super funny.

Spooky and Gent Hunt Pika Who is Hunting Leg

In this Spooky dream, I had discovered the location of Leg, and began the chase. Spooky and Gent, however, decided to intercept me, and counter chased.

Here it is, a compilation of all our smaller voting categories. These are small, so it will just be 1 vote per topic, because honestly, you don't need to vote for more than one.

- Max
- Garbage

- Voting in this award show
- Playing AMQ
- Getting the Queens death wrong

I don't remember 90% of the themes our server had, but here are a few you can vote on I guess!

- Among Us: Remember when Max figured out Ori was the mole? Man that was a good time
- Christmas: It was short lived, but the banner was good!
- Halloween: Spooky theme
- April Fools: I don't remember what the theme actually was, but I remember it was!
- Rob: We just copied Robs server, it was awful.
- Ohio: The most southern theme.
- Australia: The theme down under
- Normal: Nothing Special

Best Copypasta

We (the royal we, I am the one who did it) selected 4 example copypastas for you to vote for, limited to being PHIIJKCHU related, and from 2021 of course. Your nominees in their full glory, are the following:

Peak of Music

My point is that during that "era" of 30 years, we had a higher percentage of good shit being released, more overly great bangers compared to 2010-2020. NOTHING HERE IMPLIES that 2010-2020 is worse AT ALL, infact I have some genuine favorites from this time frame, however I'm looking at it like I look at anime, 2000s-2017 or so just had a higher percentage of good anime, it was a peak in time IMO, there's been some after that that are better sure, but there's MORE GOOD ONES, its a "golden age" per se

Lennod

Is there a character in general that could even possibly EVEN TOUCH Lennod? Let alone defeat him. And I'm not talking about Blessed Lennod I'm not talking about Super Smokey Lennod either. Hell, I'm not even talking about Monster Girl Quest Slaying Lennod with Pot Head (Smokey Infused) and freshly respawned after eating slugs while also never finishing Neon Genesis Evangelion. I'm also not talking about Hyper Lennod Truck Executioner (who also has the magical pot hat), his friend Smokey (not to be confused with Smokey) and his shadow incarnation brother fusion Donnel. I'm definitely NOT talking about Lennod=Donnel Combination Ultra Max featuring Max Akito from the Rusp franchise, equipped with the Lennod Lance Minus Dlonel Bloodied Forme, capable of throwing magma spears that instantly break Hypixel Bed Wars Beds and having beaten Klaus from Don't Starve Mother 3 and placing 0th Place (technically 1st place in the quantum realm) in Nepopoly and survived the oil rain rapture. I'm talking about Super Hyper Ultra Mega Deluxe v. 1.8.9 Super Smokey Super Sand God Super Sand Grand Lancer Grand Dad Seven Seven Seven Paths Master Class Hick Lennod, with 7 Donnel Pots, 7 Spears, 776 reincarnations, always rolling 20's, Perfect Smokey Harmonization, and Slayer Ninja Art Technique, driving the Badger from the Gent Nissan Pathfinder series and wearing the Eevee Toliet Flushed Shirt from Texas America, cofounder of Phijkchu 7 (which also started Secret Project Number 7), with infinite lives and the n word pass (spelt n w r d) while able to beat Pikachu and Dolphin in UHC blindfolded and Donnel is playing for him and able to summon PooseUnpoose and take his soul aftering becoming God King Emperor of Trouble in Terrorist Town, as well as having the world record for solving Tharja Puzzle and Gent is also locking the pieces, unlocked the power of Super Admin by eating Legorhin while also posting in Snake Chat and having eaten Rusp's Hotdog Bun Pizza while dunking in nugget sauce while driving in Virginia while breaking several laws and having mastered mspaint in 2077 in 7 different languages and is able to sleep for 2 more seconds than xBrox, right after he was skating on thin ice and beating 100 x 100 minesweeper 1 second faster than Fire, has DreamWasTaken luck while his theme music is playing and he has Sans Eye.

Dunce Sparse

Literally just anything he has every posted last year, nothing in particular

Gent Recipes for Bopit

So first you break down the pork shoulder to around 2 inch cubes (it should be around 3 pounds, adjust other measurements if it's more or less), then salt it (salting meat early gives it time to sink in and flavor the whole thing). Then preheat the oven to 275 degrees. Peel 8 garlic cloves, you can leave them whole, and put them in a mixing bowl along with the meat. Use a peeler to strip off all the skin of the orange and put it in the bowl (just the orange part, not the white fibers underneath), along with the juice of the orange too. Then throw in 2 bay leaves, a teaspoon of cinnamon, a teaspoon of cumin, a teaspoon of black pepper, and about a 1/4 cup of lard/oil of choice. Throw it in the oven for 3 and a half hours or until tender, covered (foil works if you have no lid). After it's cooked to your liking, remove it from the oven and separate the meat from the juice (there should be a lot of liquid in your cooking dish now). Then you put the meat back in the dish and spoon maybe 2 tablespoons of the cooking juices over to keep it moist, and broil it in the oven for around 5 minutes (putting it close to the heating element is ideal but be sure it doesn't burn). After that you can mash it up to your liking and enjoy. My point is that during that "era" of 30 years, we had a higher percentage of good shit being released, more overly great bangers compared to 2010-2020. NOTHING HERE IMPLIES that 2010-2020 is worse AT ALL, infact I have some genuine favorites from this time frame, however I'm looking at it like I look at anime, 2000s-2017 or so just had a higher percentage of good anime, it was a peak in time IMO, there's been some after that that are better sure, but there's MORE GOOD ONES, its a "golden age" per se
